I have not yet received from ODEQ, I thought I would get it Monday, but I did not. I have called and left a message to check on the Status of that and your question about SWIDS. I will try and get the SSO database in the mail tomorrow. As I stated before, we had a copy of it but the disc was corrupted and unreadable.

Subject RE: State Databases

Trevor,

What is the status of the SSO database you referenced in your email on Thursday? You indicated that you would be sending via Fed-X on Monday, but we have not received it.

Subject: State Databases

You will be receiving (it is being mailed today-see letter from Sharon Gentry) disks which contain the State's supplemental hard copy production from ODEQ and OSRC. Also included for Theresa and Nicole are the ODEQ Biosolids

Database, ODEQ Complaints and Septic database, and the ODAFF electronic databases. ODEQ originally made a copy of the SSO database, but the disk was corrupted and we are having to reload and copy that database. I will send it via FedEx on Monday. Let me know if you have any trouble with these databases.

Trevor
